SENIOR SERVICES DIRECTORY

A Caregiver's Guide to Local Resources

Produced by Cause San Diego

September 2026 · Draft v0.2 (Comprehensive Edition)

With thanks to our Cause Conference sponsors who support senior-caregiver resources across San Diego County:

How to Use This Directory

This directory was created by Cause San Diego to help family caregivers quickly find trustworthy, local support for an aging loved one. Caring for a parent, spouse, or other relative can mean juggling dozens of unfamiliar systems at once — in-home help, housing decisions, memory loss, medical bills, and legal paperwork. This guide organizes San Diego County's most caregiver-relevant resources into a few clear categories so you can find the right help faster.

Entries marked ★ are current sponsors of the annual Cause Conference, whose support helps make resources like this directory possible.

Sections 1–6 are a curated starting point: support organizations, placement/referral services, and community programs. Sections 7–9 go further, listing every currently licensed assisted living facility, memory care community, and home health agency in San Diego County, pulled directly from California's official licensing records — for when a caregiver needs the full picture, not just a starting point.

This is a living document and not an exhaustive list. For a searchable database of the full range of San Diego community services, dial 211 or visit 211sandiego.org anytime, day or night.

2. Housing & Senior Living Placement Resources

These organizations help you evaluate, compare, and get placed into the right independent living, assisted living, or board-and-care home — they are placement, referral, and search resources, not a directory of individual facilities. 7. Licensed Assisted Living Facilities — San Diego County

A comprehensive list of 164 currently licensed Residential Care Facilities for the Elderly (RCFE) in San Diego County with a capacity of 7 or more residents — the scale generally marketed as "assisted living." Source: California Department of Social Services, Community Care Licensing Division (statewide RCFE license roll, filtered to San Diego County, status = Licensed). Smaller board-and-care homes (capacity 6 or fewer) are intentionally excluded per Cause San Diego's request. Licensing status can change; verify a specific facility before referring a family using the CA Care Facility Search tool listed in Section 2.

8. Memory Care & Dementia Care Communities — San Diego County

30 San Diego County communities identified as offering dedicated memory care / dementia care programming. Note on methodology: California licensing does not track "memory care" as a distinct license category — every facility below is independently confirmed as a currently Licensed RCFE with the California Department of Social Services, cross-referenced against senior-living directories that identify it as offering memory care or a secured dementia unit. This approach is thorough but not guaranteed exhaustive, since some communities offer memory care without it appearing in public directories. Board-and-care-scale memory care homes (capacity 6 or fewer) are excluded, consistent with Section 7.
